Happy Valentine's Day!

"You can't always get what you want, but if you try sometimes, you might find, you get what you need."

— Mick Jagger

I'm listening to the Rolling Stones while finishing the newsletter this month, and this line always makes me think of my girl, Truly. Truly was handed to me, I picked the litter but not her. She had no connection with people and thought it was her against the world. At first, I hated that she was the dog I was stuck with, but then I learned her. I learned what made her tick. Now she is the dog I would have again if I could. She taught me a lot about dog training and reading dogs. She taught me to pay attention. Sometimes, we don't get the dog we want, but we get the dog we need to learn and grow as dog trainers. Or, as a good friend told me, "Truly needed you because you took her at face value and didn't expect more than she could give". (Truly is the red girl in the back on the cover)

I've had a lot of good dogs, and on Valentine's Day, I will certainly be grateful for all of them. They all teach us a little something.

Thank you for reading and your ongoing support.

SC / Jane Johnson Seminar

February 18th – 19th, 2024

[MORE INFORMATION](#)

Jane has been training dogs for 40 years and has titled 8 dogs to an OTCH. She is a member of the 200 club. She has students with many diverse breeds and loves working with handlers to help them achieve their goals and enjoys helping both people and dogs cope with ring nerves prior to getting into the ring and while in the ring. Her philosophy-- "Research backs me up with the knowledge that anything the dog LIKES to do, he will do better. That is my foundation, make the dog want to do it, give him confidence, make it fun, and add precision" This will be a 2-day seminar with working and audit spots available. Kathy Worrell and Lab, Tori are on a roll!

On Sunday October 15th, Team Tori was awarded their **Rally Obedience Championship** by Judge Selina Edney at the Dog Obedience Club of Greenville's Trial. Kathy says "My amazing partner and I learned a lot about each other, but mostly about Love!"

They followed it up in February with their first High Triple Award, award by judge Ted McCall.

Tori is now: RACH Viktori's Mystic Black Magic CGC BN CD TKI RAE2 RM4

CELEBRATE

Introducing **MASTER AGILITY CHAMPION**

Bruno!!!

In order to acquire this coveted title, a dog must achieve a minimum of 750 championship points and 20 double qualifying scores obtained from the Master Standard Agility class and the Master Jumpers With Weaves class.

HUGE congratulations to **Bruno** and his owner/handler **Chip Scardo** on this major achievement!!!

Gemini Dog Works in Lakeland, FL makes *displaceable* pvc-vinyl Training Jump Sets!

Any size can be available but my best set is 48" wide:
High Jump, Broad Jump and Bar Jump.

- High Jump will have three 8" panels that overlap and provide heights to 26"
- Bar Jump with a round striped bar that adjusts to 26"
- Three 8" Broad Jump Boards that nest inside one another for easy handling.

The jumps break down to posts, panels, and ground bar for transporting.

Priced currently at \$325, I can make the set less than 48" to fit a space constraint, but price will be the same.

I can also build a High Jump to the new AKC standards for displaceable panels, or even a full set of three jumps with full Jump requirements.

Shipping by UPS or USPS is expensive but I am often able to make relay hauling arrangements with dog people travelling to other states, especially in the Central Eastern States.

Find pictures and videos on my Facebook pages – [Gemini Dog Works](#) or Barbara Craig. Contact me by Messenger from either page!

The AKC has adopted a rule change regarding obedience and rally jumps, in an attempt to make jumping safer for our dogs

New Rules:

Obedience: High Jump: The high jump will be designed and built so that the panels may be displaced without affecting the uprights. The jump will be 5 feet wide and constructed to be set at a height of 4 inches and adjustable at 2-inch increments from 8 inches to 36 inches. The uprights of the high jump will be 4 feet high. The jump will include four 8-inch panels, one 4-inch panel and one 2-inch panel. The jump will be a flat white. The height of each panel will be indicated in black 2-inch numbers.

Rally High Jump: The high jump will be designed and built so that the panels may be displaced without affecting the uprights. The jump will be 4 to 5 feet wide and constructed to be set at a height of 4 inches. The uprights of the high jump will be 4 feet high. The jump will include two 8-inch panels, one 4-inch panel. The height of each panel will be indicated in black 2-inch numbers.

From the AKC: Displaceable High Jump Conversion Ideas

These pictures show one way to convert an existing high jump to displaceable panels for minimum cost.

The first thing used is ½" CPVC pipe

The ½" pvc pipe with the attached adapter slides inside the standard open jump plastic boards

Single jump cups can be mounted to existing metal jump uprights

There are multiple agility equipment vendors that supply cup holders:

- J&J
- Mad Agility
- Max 200

These cups would be mounted every 2 inches. This picture only shows enough to show the concept.

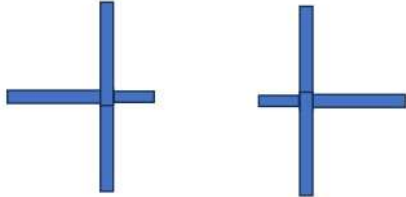

Pictures of concept – Cost about \$50.00

Suggestions for PVC upright bases:

The three outside supporting pipes should be made longer to offer stability. The inside supporting pipe may be shorter. The bottom panel will need to be cut in to allow room for the pipe.

As in the past, for outside events where wind or uneven ground may be an issue, the club should provide sandbags.

The regulations state the minimum number of each size panel that is to be available.

When additional panels are available, those panels may be used as needed to meet the appropriate jump height for each dog.

There are various agility equipment vendors that can supply DIY parts, here are a few:

- J&J • Mad Agility • Max 200

Additionally, some vendors will be making the displaceable high jumps. If you know of additional vendors, please let us know and we will add them to the list.

A DIY option for making the panels:

[White Vinyl Fascia](#)

[PVC Pipe for DIY Jumps](#) - Schedule 40 and 80

- ***Remember, clubs have until July 2025 to provide a displaceable high jump.***

- Please continue to send your questions to obedience@akc.org or rally@akc.org

We will use your questions to create an FAQ document to be published

Thanks for your understanding and patience.

Canine Good Citizen (CGC):

The purpose of Canine Good Citizen program sponsored by the American Kennel Club, is to ensure your dog can be a respected member of the community. Dogs pass the test by demonstrating that they can act mannerly at home, in public and in the presence of other dogs. This is a six week class that is open to all dogs. We give the canine good citizenship test at the end of our classes.

7644 Southrail Road, Suite 300A, North Charleston, SC

March 2nd, 2024

REGISTRATION FOR TESTING IS NOT REQUIRED.

Evaluators will be on hand and ready to administer a CGC & Trick Dog test so you can earn AKC titles.

Our testing is free to those who just finished taking the CGC class or Fun Tricks class.

The purpose of the CGC program is to ensure that our favorite companion, the dog, can be a respected member of the community because it has been trained to be well behaved in the home, in public places, and in the presence of other dogs. The CGC Program welcomes both purebred and mixed breed dogs. The CGC Test is non-competitive and dogs are not required to perform with the same precision required in formal obedience.

Dog Gone

A Dog-Eared Mystery
By Don Young

[Read Part 1 HERE](#)

In the lengthening shadows of a mid-summer evening, two men are busy unloading a crated dog. They are clumsy in their movements, and it is obvious by the speed at which they plod along that they want this over with. They have parked their van in the alley of a commercial building. An overhead door has been opened by those inside, awaiting this delivery. The men have made this trip two other times over the past few weeks, each time delivering a dog they took great pains to recover. This was supposed to be their last delivery, but the failure to get the fourth dog has put them in a foul mood.

The dogs are being delivered to a now defunct storage warehouse owned by the brother-in-law of Clyde, one of the disgruntled delivery people. Clyde will do anything for his bro. His Bro, Ted, hates that term and can't stand Clyde, but when you need a patsy, and Clyde needs a job, any job.....well.

Jim, the other delivery guy, has done most of Clyde's work unloading. Come to think of it, he chews over bitterly, he's taken all the risks for the last few months. He was caught flat-footed when that broad spotted him at the dog bar. That wasn't the first time he was almost caught while tracking down and recovering these dogs. He felt like the risk was all his. Clyde wasn't much help, and it rankled him.

"Where's the last dog?" Ted says.

Clyde, looking nervous, a common condition, says, "We had a setback, kinda."

"Kinda? What do you mean set back? Did you get the dog or not?" Ted said.

"No. I barely got away." Jim said. "The owner spotted me, and I lost the replacement dog too. Clyde was no help. He could have made sure the owner was distracted, but he prefers to just wait in the van."

"Hey!" Clyde yelled. "It's my van. Someone needs to be the getaway driver. Hell, you can't even drive."

"I can drive. I get busted again they take my license for good."

Ted rolled his eyes. "Knock it off. I thought we were going to be able to wrap this up today and now we are down a dog. Doctor Fischer was expecting to get all his dogs tonight. He is supposed to meet his client in two weeks and needs his dogs." He shook his head in disgust. "That's just great. Now what?"

"We recovered three and the doctors client has the one that wasn't stolen, isn't four enough?" Clyde asked.

"No, the contract was for five." Ted said "We can't be short. Now finish unloading and get those dogs fed and settled. Dr Fischer will be here in a couple hours."

When the doctor arrived, he could tell that the news wasn't good. "So, no dog...right?"

"Yeah, fraid so Doc" Ted said.

"We needed that dog, what's his name, Tanner?" The doctor said. I have a lot of money riding on this, millions in fact. My cloning technique is unique. Theres nothing like it in the world. These dogs will be the crown jewel of my program. So, get that last dog Ted, It's been a year. When that woman stole the four pups from the lab you said it would be no problem tracking them down"

"Yeah, but we...."

"I don't care." The doctor said, cutting him off. "We have a contract. My client has entered his cloned dog in a show in two weeks. When he starts winning ribbons on that dog, he's going to want to see the other four do the same thing. When that happens, the money starts rolling into the lab. More dogs, more clones and more investors. You'll be rich and my name will be broadcast all over the world. Take control of the recovery Ted. Grab him at the show if you have to. I don't have any confidence in those two losers finishing the job."

NC / Wagging Tails Massage

Asheville area - Lynn Hurley, the owner of Wagging Tails Massage, had a rescue Pit Bull named Bob with advanced elbow arthritis. She found that massaging him helped him tremendously, and she wanted to provide the same healing to other dogs. In 2023 she received her CCMT certification from Brandenburg Massage Therapy in Ohio. Lynn provides a mobile service in the greater Asheville area as well as working at agility events throughout the Southeast. Lynn goes at a dog's own pace – providing them with whatever they need at that moment. Some dogs need help with stress and anxiety, some need support following an injury or surgery. Other dogs need support for athletic activities, whether that is competition or just everyday play and exercise.

Canine massage provides the following:

- Loosens muscles & connective tissue, improves flexibility & range of motion.
- Increases circulation, flushes toxins & boosts the immune system
- Reduces stress & anxiety
- Aids in recovery by reducing pain & swelling which promotes healing

Rodear

Rodear is a point and time event wherein the stock savvy and skill of the dog, rider and horse are put to the test. The competition centers around maneuvering a small group of cattle through a number of obstacles in a set amount of time.

REGISTRATION FOR TESTING IS NOT REQUIRED.
Evaluators will be on hand and ready to administer a
CGC & Trick Dog test so you can earn AKC titles.
Our testing is free to those who just finished taking the
CGC class or Fun Tricks class.
The purpose of the CGC program is to ensure that our
favorite companion, the dog, can be a respected
member of the community because it has been trained
to be well behaved in the home, in public places, and in
the presence of other dogs. The CGC Program
welcomes both purebred and mixed breed dogs. The
CGC Test is non-competitive and dogs are not required
to perform with the same precision required in formal
obedience. [MORE INFORMATION](#)

Treibball, or driving ball, is a competitive sport for dogs of all ages, and sizes, who love to play chase games or who just love to herd. Invented in Germany a dozen years ago by Dutchman Jan Nijboer, the first competitive match was held in 2007. It's great fun for any energetic dog who works well off-leash and needs a job, or one who doesn't have sheep!

NC / Asheville KC Handling Classes

The Asheville Kennel Club 2024 Winter/Spring session of Handling class will run 8 weeks, and will start Monday, February 5th at 7 pm, and will end on Monday March 25th. We will take most of April off. The next session will start on Monday April 29th and will run for 8 weeks of classes and will end on June 24. (No class on Monday May 27 as this is our all breeds dog show long weekend.) You will have 4 weeks to work with your dog/s before our shows! Classes are held **at the Companion Dog Training Center, 31 Monticello Rd., Weaverville, NC.** If you are new to the class, you will be asked to fill in and sign paperwork. You must bring a current Rabies Vaccination certificate, NOT just the tag. A picture of the Rabies vaccination certificate on your cell phone will be accepted. Also, bring a lead and training treats.
